Product Closure Notice (EOL)

#EOL20240201599

Date: 1st, February, 2024

Product Description and Replacement Suggestions:

AC POWER ADAPTER (72W)

MODEL: FJ-2025 12V 6A

Current product model	Replacement product model
FJ-2025 12V 6A	FJ-2017S 12V 6A

NOTE: FJ-2017S is a new model developed according to the market demand, the product performance and cost are competitive compared with the old model FJ-2025.

Reason for stopping production:

Since FUJIA has launched a substitute model FJ-2017S with optimized performance and cost, which can completely replace FJ-2025, so we will halt production of the old model FJ-2025 in the future. And supply will be discontinued after the shutdown date.

Date for stopping production: 1st, February, 2024

In addition, the relevant certifications of the original model FJ-2025 will expire successively and not be renewed. Customers can choose replacement model FJ-2017S as needed, and certifications of FJ-2017S are in progress, we will update the status at any time.
