

SODIMM DDR3L

4GB and 8GB

1600MHz

One-year warranty

DDR3L memory modules are commonly applied in PCs, in which fast data transfer, high capacity as well as low power consumption is required. In order to ensure the highest quality of AAEON memory modules, only the selected components are used. Thanks to the multi-level quality control as well as meticulous tests of each produced module, the user receives the products of exceptional reliability and the highest quality.

Module density	Number of DRAM components	ECC support
4 - 8 GB	8 or 16	No
Frequency	Number of module ranks	PIN count
1600 MHz	1 or 2	204 PIN
Module data width	Number of module sides	Supply voltage
64	2	1,35 V
DRAM component organisation	Timing	Registered
512x8	CL11	No
