Arm will process your information in accordance with our [Privacy Policy](#).

I would like to receive marketing communications from Arm.

Submit

3. Once you contact ARM and set up your account, ARM will send you their welcome email which has APN details and login to the platform for activating the SIM.

Note: You will also get following benefits from the activation.

- 20MB free plan for 3 months.
- Access to Arm’ connectivity Management platform to activate and manage the SIM card
